

# Village of Brookfield

Community and Economic Development Department

## Obtaining Dumpster/Container Permits What You Need to Know

Dumpster/Container permits protect the community's health, safety, and appearance by requiring standards for dumpster type, size, and placement. You should review the Village's Container Ordinance before applying for a permit for a container. The regulations include, but are not limited to the following:

<p style="text-align: center;"><b>Registered Companies Only</b></p> <p>Dumpster Companies must be registered and licensed with the Village of Brookfield in order to be approved to deliver a container to a Brookfield location. The Community and Economic Development Department maintains a list of registered and licensed container companies for your convenience.</p>	<p style="text-align: center;"><b>Container Permit Fees</b></p> <p>Container Permit fees are \$50 for up to 10 days of use, or \$100 for up to 30 days of use. Container permits are renewable in the event of large clean-up projects or construction projects.</p>
<p style="text-align: center;"><b>Allowable Containers</b></p> <ul style="list-style-type: none"><li>➤ The Code allows for dumpsters and containers having a maximum size of 20 yards. Dumpsters 30 yards or greater are prohibited.</li><li>➤ Trailer containers or other such dumpsters or storage containers are prohibited</li><li>➤ PODS and similar storage containers must also be registered and meet these requirements.</li></ul>	<p style="text-align: center;"><b>Container Placement</b></p> <ul style="list-style-type: none"><li>➤ Containers must be located on private property, unless otherwise approved by the Village</li><li>➤ Containers approved to be located in the street must be moved as necessary (i.e., snow clearing) and have flashing barricades (provided by owner)</li><li>➤ Plank the Village right-of-way and restore any damage to public property when placing containers.</li></ul>
