Planning and Zoning Commission Application Packet

Preliminary PD Process

The planned development procedure is intended to encourage solutions for development proposals for which innovation and creativity would be inhibited by conventional zoning. The process is designed to utilize unified use and site development and provide amenities and quality design while meeting the intent of the Zoning Ordinance and satisfying the vision of the 2020 Master Plan. The planned development (PD) procedure cannot be rushed, so please plan accordingly. Approval is based on demonstration of meeting the standards for approving preliminary planned developments outlined in Section 62-882-B6 and included in the application.

Please Note: You may not begin the formal Preliminary PD process until you have attended a pre-application conference with appropriate members of Village staff. If you have not already attended a pre-application meeting and received approval to proceed with the preliminary review process, please contact the Village Planner at (708) 485-7344.

1. Complete the application and supporting materials. Use the Submittal Checklist provided in this packet, as any incomplete applications can delay the process.
2. Submit the completed application materials with the application fee. You will be assigned a case number immediately; however, your hearing date will be confirmed after initial staff review of the formal application.
3. Provide public notice 15 to 30 days prior to the assigned hearing date. The **applicant** must provide notice to property owners located within 250 feet of the subject property, either by mail or in person. Sample notices are enclosed in the application packet. **Staff** will provide a sign for the property and publish legal notice in the Brookfield Landmark.
4. File the notarized Affidavit of Public Notice at Village Hall prior to the date of the hearing. This certifies that proper notice was giving to property owners within 250' of the subject property. The hearing may be continued to a future date if the affidavit is not filed prior to the date of the scheduled hearing.
5. Present your case during the Planning and Zoning Commission hearing. The Planning and Zoning Commission will also receive comments from the public and staff review and recommendation. Be prepared to answer any questions about the request from Board members or members of the public.
6. After the Planning and Zoning Commission makes a recommendation to the Village Board, staff will forward the recommendation to the Village Board for a final decision. If the preliminary PD application is approved by the Village Board, the applicant must submit for final planned development approval within 12 months.
