

Notice of Temporary Utility Work
ComEd Maintenance of Overhead Electric Utilities
LaGrange
Saturday October 9, 2021
8:00am – 12:00pm

Location and Limits of Affected Area:

4401-4545 Eberly Ave., 4412-4546 Blanchan Ave., 9527-9539 Congress Park Ave., 9543 Gerritsen Ave.

Description of Work:

On Saturday October 9th, ComEd contractors will be performing work on utility poles and overhead facilities within the area above. The work locations are listed above.

There will be trucks and equipment in the area during the above date and every attempt will be made to accommodate residents' movement. Every effort will be made to minimize noise throughout the day. Residents will have access to their garages during construction. Work area signs will be posted, and appropriate traffic and no-parking signs (if necessary) will be in place 48 hours prior to start of work. **This work will create a power outage from approximately 8:00 am until Noon on Saturday, October 9th.**

We understand that noise may pose an inconvenience to our customers, but this work is necessary as part of our ongoing efforts to modernize the electric system by building a more reliable system. In the event of inclement weather, the job will be rescheduled.

Restoring your Property:

ComEd expects this work to cause minimal disruption to any customer property. In the unlikely event that we do cause any damage, we will return once the work has been completed and restore any damaged landscaping to its previous condition.

Please stay alert and thank you for your patience.
